GRADING SYSTEM

Liceu does not rank students and does not calculate a cumulative GPA.

Grade equivalency:

Numerical	Letter
9.0 – 10.0	A
8.0 – 8.9	B
7.0 – 7.9	C
6.0 – 6.9	D
Below 6.0	F

Transforming knowledge into cognitive and socio-emotional skills is what guides our pedagogical approach, further supported by the 4 pillars of Education proposed by UNESCO.

MISSION

Liceu Terras do Engenho is committed to providing a high-quality, bilingual education that prepares students for higher education and lifelong success. The school fosters academic excellence, critical thinking, and global citizenship through an innovative and interdisciplinary approach.

COMMUNITY

Liceu Terras do Engenho is located in Piracicaba, São Paulo, Brazil, and serves a diverse student population from the city's upscale region. Piracicaba is a mid-sized city with a strong economic base in the industrial and agricultural sectors. The school is situated in a well-developed area, and the surrounding community includes families from a wide range of socioeconomic and educational backgrounds.

SCHOOL INFORMATION

Liceu Terras do Engenho is a private institution founded in 1993, offering education from Early Childhood through Grade 12. Located in Piracicaba, São Paulo, Brazil, the school serves a diverse student population in a well-developed region with a strong industrial and agricultural economic base.

The high school division (Grades 10–12) currently enrolls approximately 160 students. The campus is equipped with modern science labs, a technology-equipped library, robotics classrooms, and sports facilities to support a holistic and interdisciplinary educational approach.

ACADEMIC PROGRAM

The school integrates Brazil's national curriculum standards with innovative, interdisciplinary pedagogical methods. Its bilingual program (Systemic Bilingual) offers subjects such as Science, Mathematics, History, and Geography in English. The curriculum is supported by partnerships with leading educational systems.

Highlights of the Academic Program:

- **Bilingual instruction (Systemic Bilingual Program):** Science, Mathematics, History, and Geography are taught in English.
- **Academic partnerships** with Poliedro Learning System, SEBRAE, LIV, and Zoom Education For Life.

POST-SECONDARY PLACEMENT

80–85%
4-year colleges /
universities
